Principal components of Aripiprazole and control in healthy and hyperactive type I assays.

Principal components of Cariprazine and control in healthy and hyperactive type I assays.

Principal components of Clozapine and control in healthy and hyperactive type I assays.

Principal components of CNO and control in healthy and hyperactive type I assays.

Principal components of Haloperidol and control in healthy and hyperactive type I assays.

Principal components of NDMC and control in healthy and hyperactive type I assays.

Principal components of NDMCHigh and control in healthy and hyperactive type I assays.

Principal components of OSU6162 and control in healthy and hyperactive type I assays.

Principal components of PCAP1 and control in healthy and hyperactive type I assays.

Principal components of PCAP2 and control in healthy and hyperactive type I assays.

Principal components of PCAP3 and control in healthy and hyperactive type I assays.

Principal components of PCAP4 and control in healthy and hyperactive type I assays.
