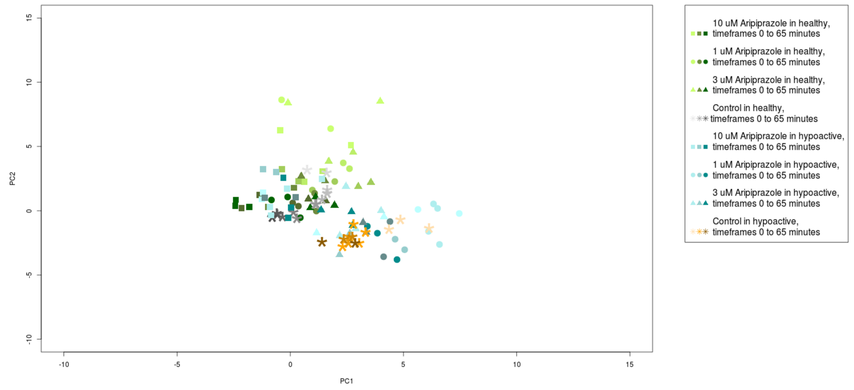
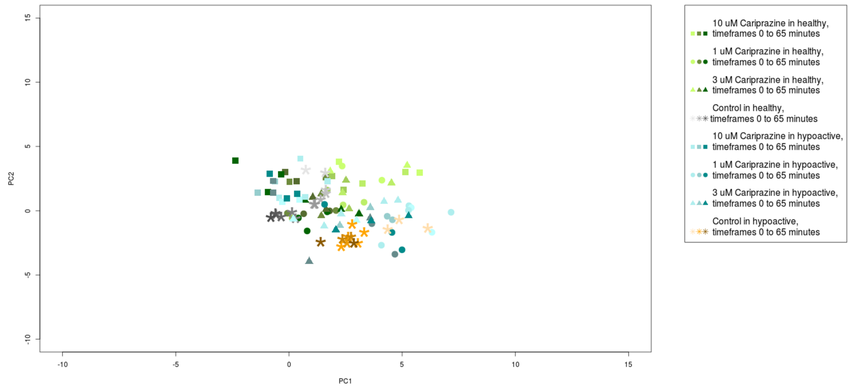
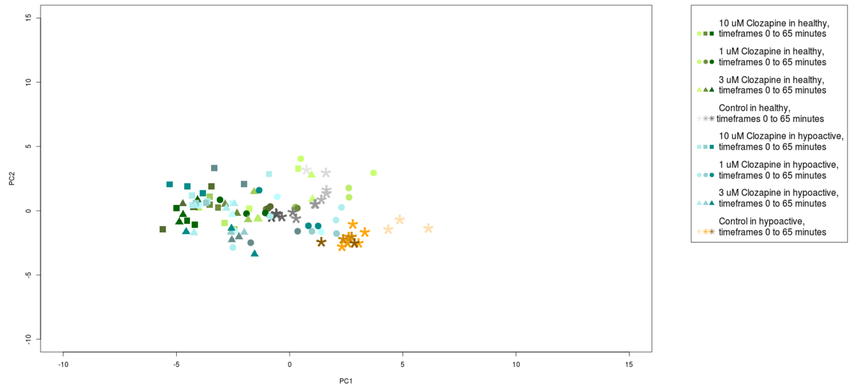
Principal components of Aripiprazole and control in healthy and hypoactive assays.



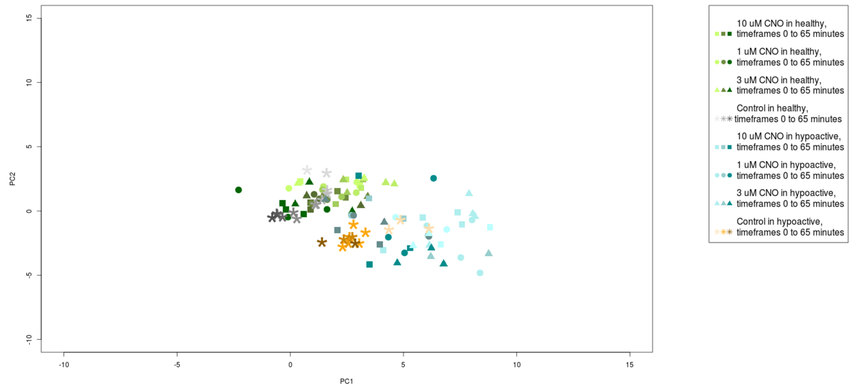
Principal components of Cariprazine and control in healthy and hypoactive assays.



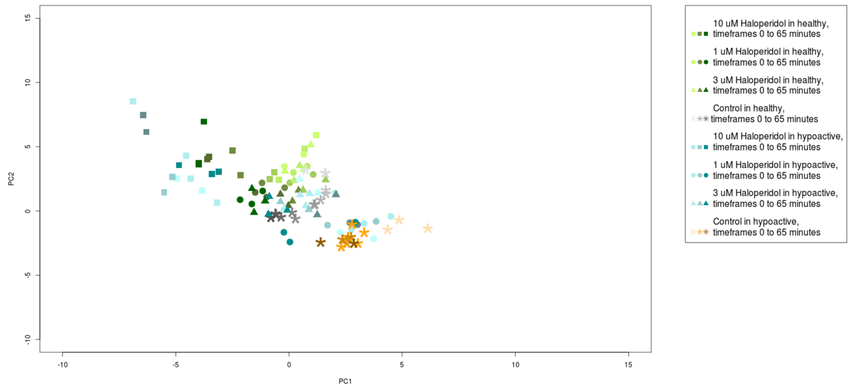
Principal components of Clozapine and control in healthy and hypoactive assays.



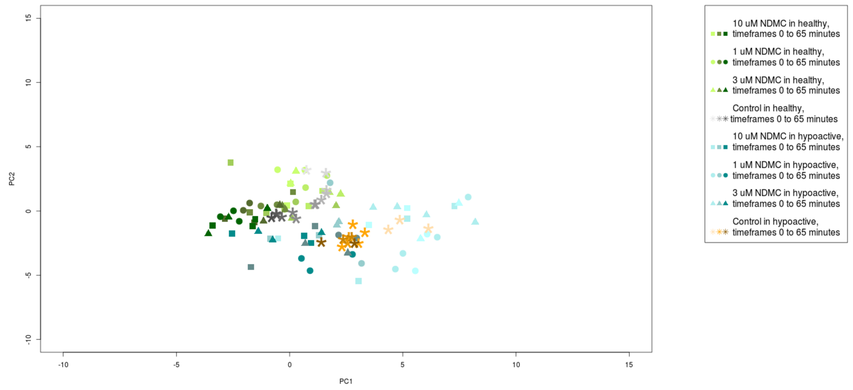
Principal components of CNO and control in healthy and hypoactive assays.



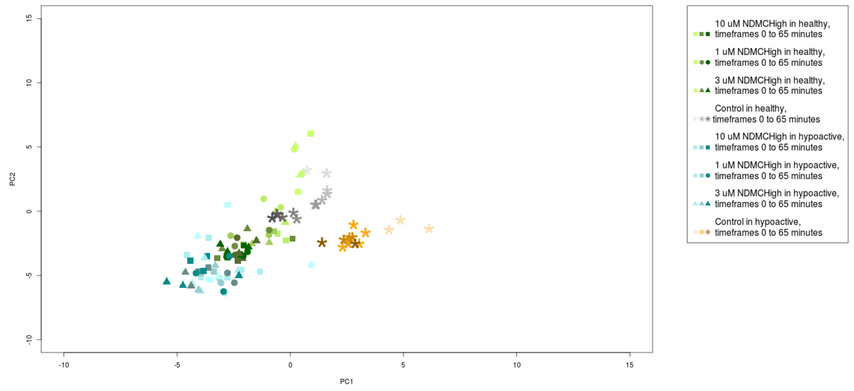
Principal components of Haloperidol and control in healthy and hypoactive assays.



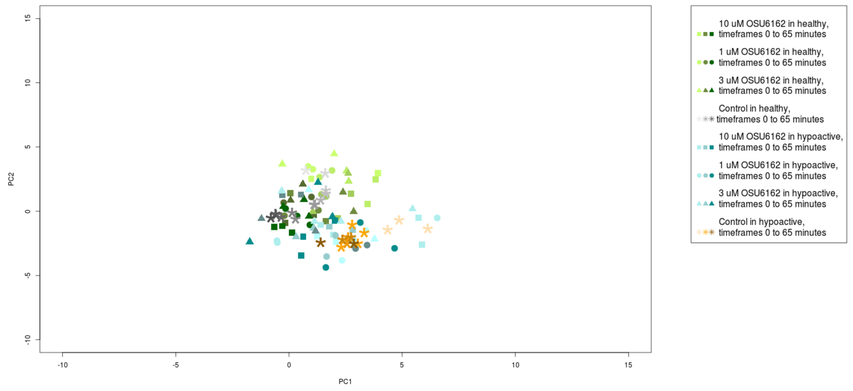
Principal components of NDMC and control in healthy and hypoactive assays.



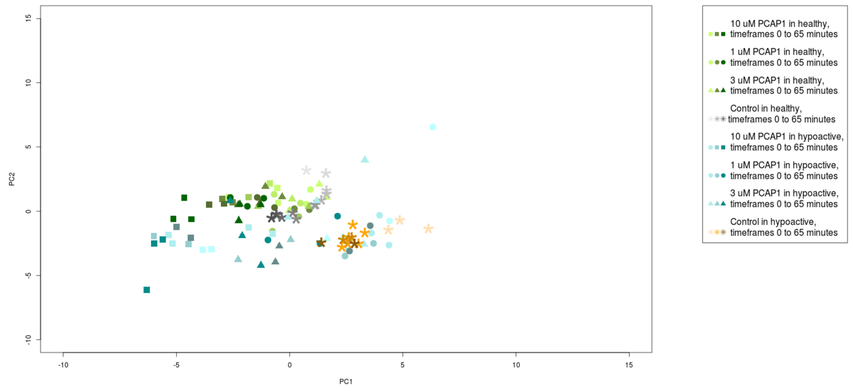
Principal components of NDMCHigh and control in healthy and hypoactive assays.



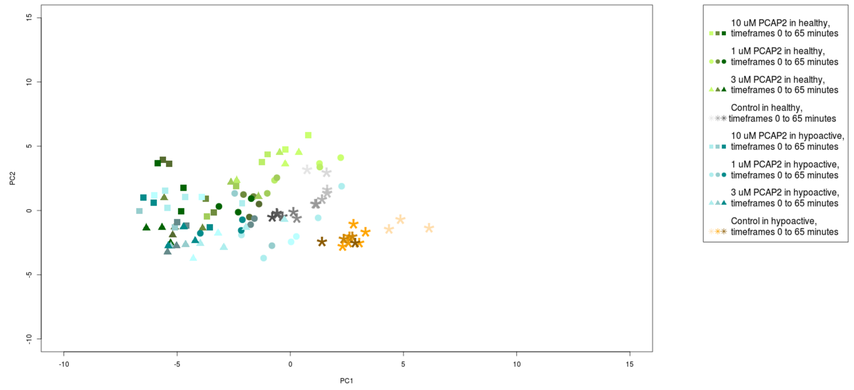
Principal components of OSU6162 and control in healthy and hypoactive assays.



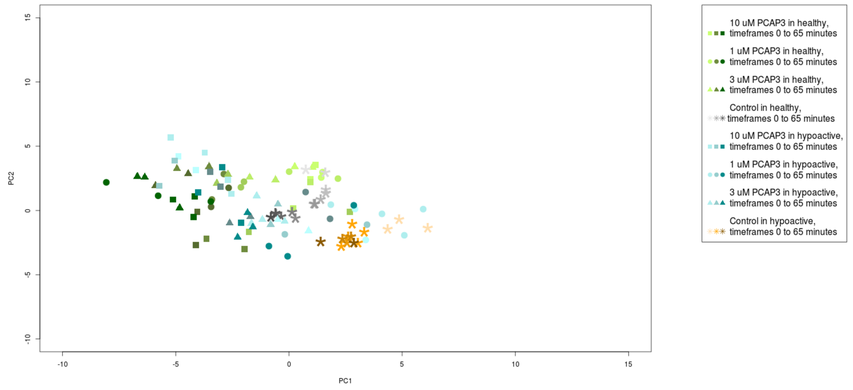
Principal components of PCAP1 and control in healthy and hypoactive assays.

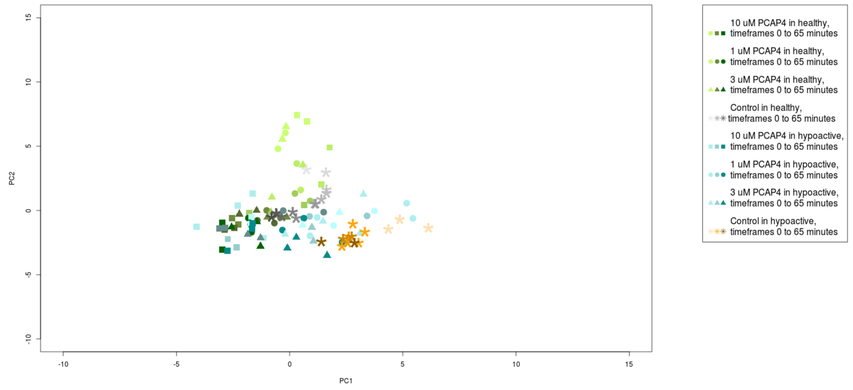


Principal components of PCAP2 and control in healthy and hypoactive assays.



Principal components of PCAP3 and control in healthy and hypoactive assays.





Principal components of PCAP4 and control in healthy and hypoactive assays.
